Trendy Blogger Template Installation Documentation, a step to step guide to help you out to set up your blog easy way.

First of all, Thank you for Downloading our template if you haven't done yet you can get it from here : Trendy Blogger Template . You check the live demo through the button below and also Please Read this documentation carefully in order to set up your blog and please note that there's no support for free users.

1. Installation

Open your purchase folder, you will see a file with name **Trendy-(Free or Premium)-Version**.xml

Open this XML file with a text editor (Notepad or something like that). Then select all text and copy (Ctrl+A, Ctrl+C in Window).

Return to your blog dashboard, access your **Template** menu, click **Edit HTML**

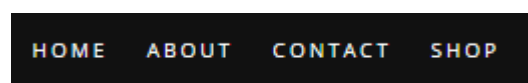

In **Editor HTML** window, select all old code and paste the new code that you copied from the release file into code field. Then, click **Save template**.

```
<div class='insta-wrap'>

<div class='my-insta-box'>

<a class='btn-style' href='//instagram.com/xposetheme' rel='me'>FOLLOW ME
@INSTAGRAM</a>

</div>

</div>

<div id='instafeed'/>
```

```
<script type='text/javascript'>//<![CDATA[

var feed = new Instafeed({

 get: 'user',

 userId: 10008029,

  limit:16,

  sortBy:'random',

accessToken: '1531863919.1677ed0.23d238bc564249e799095d060c750218',

template: '<li><a href="{{link}}" target="_blank"><img src="{{image}}" /><div
class="insta-likes"><div style="display: table; vertical-align: middle;
height: 100%; width: 100%;"><span style="display: table-cell; vertical-align:
middle; height: 100%; width: 100%;">{{likes}} <i class="fa fa-
heart"></i><br/>{{comments}} <i class="fa fa-
comment"></i></span></div></div></a></li>',

 resolution: 'standard_resolution'

 });

 feed.run();
```

```
//]]>

</script></div>
```

you need access token for instagram widget to work Go to this url-> Click here to Generate

access token

```
<div id='instafeed'/></div>

<script type='text/javascript'>//<![CDATA[
var feed = new Instafeed({
 get: 'user',                        enter your own access token
 userId: 1553982550,                 here
  limit:16.
   sortBy:'random'.
accessToken: '1553982550.1677ed0.c4f6385f8dd740fd83c34ba9fa17e554',
template: '<li><a href="{{link}}" target="_blank"><img src="{{image}}" /><div
class="instaover"><div style="display: table; vertical-align: middle; height: 100%;
width: 100%;"><span style="display: table-cell; vertical-align: middle; height: 100%;
width: 100%;"><i class="fa fa-search"></i></span></div></div></a></li>',
 resolution: 'standard_resolution'
});
feed.run();
//]]></script>
```

Configure HTML/JavaScript

http://instagram.pixelunion.net/

Generate access token

|	
Sign In and Follow the steps	Then You'll be given an access token like this 1531863919.1677ed0.23d238bc564249e799095d060c750218
Follow The next step	Add Instagram User ID:

8. Customizer – Change The Color And Font Of The Template (Only Avialabel In Premium Version)

Go to Blogger Dashboard > Template > Customize

Now Click on Advance > Main color -> change color according to your need and then press apply button.
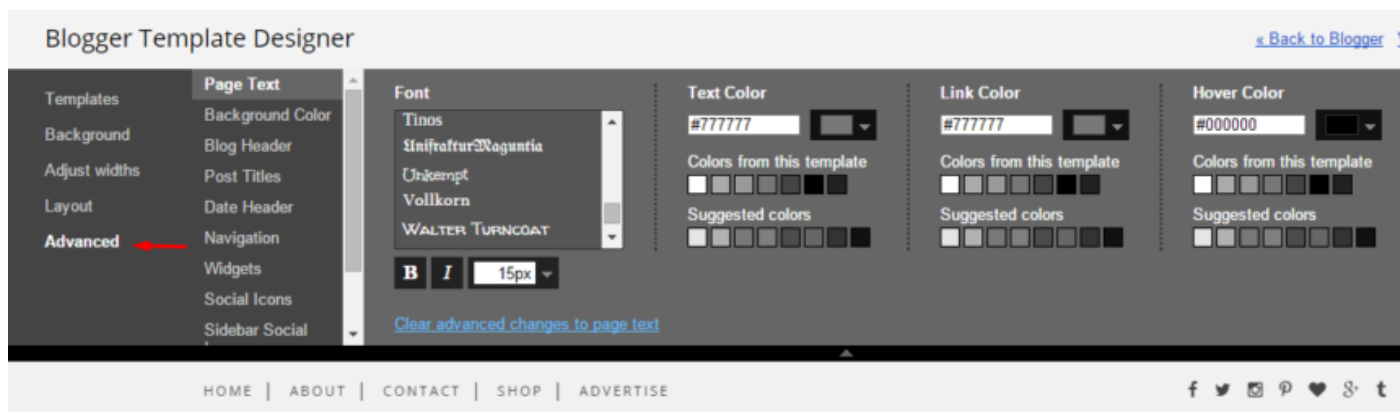

9. Mobile Version (Responsive Design Option)

Mobile Responsive

After you apply mobile version for this template, **Color changing option will not work**. This is official bug of Blogger. So, please make sure, you used Color changing option before do this step.

As default, Blogger will use its own template for you blog on mobile. So if you want to use Fashion template on mobile devices, please enable it first.

Access your Template menu and click on Gear button of Mobile template.

In Choose mobile template window, check "No. Show desktop template on mobile devices." option, then click Save button.

Template › Choose mobile template

On mobile devices, show a mobile version of your current template.
○ Yes. Show mobile template on mobile devices.
1 ● No. Show desktop template on mobile devices.
